

# HART NATIONWIDE

Creating a secure environment to  
help businesses achieve their goals  
across Somalia

## WHO WE ARE

### HART

**An internationally recognised risk management company, Hart delivers innovative, integrated security solutions in complex areas across land, sea and air on a global scale.**

Established in 1999 by Lord Westbury, the company combines an impressive level of military experience with commercial understanding and expertise. Hart is proud to be known as a client-focused company who has provided extensive security services and products to many private, public and NGO sectors with exceptional results.

### NATIONWIDE ENTERPRISE

**A family-owned company, founded in 1985, Nationwide has successfully established themselves as a leading service provider in Somalia and East Africa.**

As a provider of high-quality integrated solutions in logistics, construction, resources, equipment, marina and accommodation services, Nationwide has worked with NGOs, federal governments and commercial entities.

**Together we are Hart Nationwide – a security provider you can believe in.**

In operation in Somalia since early 2014, Hart Nationwide is committed to a long-term presence in Somalia. As a privately owned business, and part of the Chelsea Group, we have the financial strength to invest in projects, and our offerings and capabilities are growing every year.

For those operating in Somalia we are a trusted business.

“With our global experience, professionalism and skills, Hart Nationwide is excellently placed to deliver security solutions to those involved in enhancing the future of Somalia”

- Country Manager Somalia

# WHY HART NATIONWIDE?

TEN REASONS TO CHOOSE  
HART NATIONWIDE FOR YOUR  
SECURITY SOLUTIONS

## 1. OUR REACH AND HOW WE OPERATE

**Hart Nationwide is fully registered with the Somali Federal Government and licensed to operate in the Mogadishu International Airport, throughout the greater Mogadishu area as well as Somalia-wide.**

Based in Chelsea Village, Hart Nationwide has a presence both inside and outside the Aden Adde International Airport (AAIA) as well as multiple safe-havens around Mogadishu. We offer security and risk management services in Mogadishu and are able to provide support throughout Somalia through teaming agreements with trusted partner companies.

## 2. COMPLIANCE

**As a provider of high-quality security solutions Hart Nationwide is committed to working to the highest ethical standards and complies with all applicable international and national laws and regulations.**

The Company conforms to the International Code of Conduct, the Montreux Document and adheres to the Voluntary Principles on Security and Human Rights.

Hart Nationwide operates in conformance with internationally recognised management standards - specifically ISO18788 (PSC1), ISO 9001:2015 and OHSAS 18001. These ISO certifications provide our clients, suppliers and employees with benchmarked assurance that Hart Nationwide conducts business activities to a best practice standard.

### 3. OUR QUALITY OF SERVICE

**Hart Nationwide provides experienced international personnel with backgrounds in the armed forces and police services.**

These team leaders work alongside trained Somali staff to deliver security services of the highest standards: ranging from Static and Mobile Security offerings to Aviation Security services.

As a company we strive to ensure our personal standards are of the highest possible level. Always accountable, Hart Nationwide delivers, no matter the complexity of the task.

### 4. OUR TAILOR-MADE SOLUTIONS

**We take into consideration our client's requirements, risk status and budget, to develop a tailored solution that covers all the bases.**

Our services enable our clients to continue with their business with minimal disruption. From our Standard Operating Procedures, to our communication networks and medical support, Hart Nationwide has the systems in place to facilitate smooth service delivery.

## 5. OUR APPROACH TO RISK

Hart Nationwide takes a thorough, systematic approach to risk; this is continuously reviewed and assessed during the course of a project.

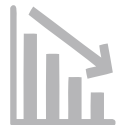

### Assess The Risk

Our risk matrix determines the types of risks and their probabilities of occurring.

### Determine Vulnerability

Using information derived from our matrix, we determine how the client is vulnerable.

### Apply Mitigation

We then appropriate mitigation techniques to reduce threat to client's operations.

## 6. OUR INVESTMENT IN COMMUNITIES

**We are dedicated to training, mentoring and employing local nationals.**

This not only strengthens our security network, providing invaluable local insight and knowledge, but also benefits local communities.

Hart Nationwide is committed to contributing to disadvantaged communities with projects including the support of an orphanage of 400 children in Mogadishu.

## 7. OUR MEDICAL SUPPORT

**We know the importance of medical backup and provide on-site medical support.**

Our personnel are trained to certified international standards and are capable of delivering life-sustaining trauma care.

## 8. IN-COUNTRY PROJECT MANAGEMENT SUPPORT

**Our experienced in-country management team provide thorough and reliable operational support from our central operations room, and also assist with administrative requirements.**

This infrastructure enables essential project oversight – so you know that you're in safe hands.

## 9. HART NATIONWIDE'S LEGACY

**We believe that our contribution to the market includes:**

- Professionalism
- Training
- Cultural awareness
- Capacity-building and long-term vision
- Stakeholder management
- Security Sector Reform (SSR)

**CHELSEA**
